**AL JAMA-AH to support to ALL voters and informal traders threatened by DA**

The Al Jama-ah party will show a force of support to ALL voters and informal traders in Pelican Park who were threatened by DA supporters against voting for any other party.

Earlier this week, the informal traders who are supporters of Al Jama-ah and other smaller parties, were threatened by DA supporters that they would not make the list to receive stalls for trading currently being erected by the DA-run City of Cape Town.

Al Jama-ah will meet with the informal traders and ALL voters to assure them of their democratic right for a free and fair election.
