

## **PRESS RELEASE**

### **NO EMBARGO**

**23 May 2022**

### **Al Jama-ah supports Tennyson Street Masjid petition to CoCT**

The Al Jama-ah party fully supports the petition launched by the Tennyson Street Masjid committee to the City of Cape Town's (CoCT) in protest of its bylaws on "Noise Nuisance and Disturbing Noise Emanating" it accuses the mosque of.

The party's name and logo appear on the mosque's petition to demonstrate its support and disgust at the DA-run CoCT's underhand Zionist tactics to repress religious practices by silencing the Adhan (Calls to prayer) and church bells.

We encourage communities of all faiths to support the petition as this is a matter that affects people of all faiths. "The party applauds the mosque committee for taking the bulls by its horns. South Africans have the right to practice its religion and the sounds of the Adhan and church bells can never be seen as a nuisance or disturbance," says party leader and Member of Parliament Hon. Ganief Hendricks,

Al Jama-ah says the offensive bylaws pertaining to the Adhan and church bells must be totally scrapped.
